

Control of hospitals transferred to St. Joseph's

After many years of waiting and planning, the hospitals in Haliburton and Minden have finally been transferred from the control of the Canadian Red Cross. The change, which sees the two facilities come under the administrative control of St. Joseph's Hospital in Peterborough, is scheduled to occur today, February 1.

Concern for the future of the two local facilities, and a number of other Red Cross Hospitals scattered throughout the province, was raised a number of years ago when the Red Cross announced that it no longer wished to administer the hospitals. Under the supervision of the District Health Council, a committee was formed to determine how the hospitals would be administered.

In a report delivered in the summer of 1982, the committee announced that a twinning agreement with St. Joseph's Hospital in Peterborough had been tentatively arranged.

According to the administrator of the Peterborough Hospital the year and a half interval which separated that announcement from today's change-over was a result of a

lengthy period needed to draft the formal agreement. Administrator Leo Doiron said that the agreement was ready last spring and the hospitals were prepared for a transfer in June. "We were all set to go, and then the Ministry of Health advised us that funds were not available at that time to support the transfer. We were asked to hold the change until April 1984 when a new budget period would begin," he commented in a telephone interview.

The District Health Council and representative of Red Cross asked the ministry to move quicker, Doiron explained. "St. Joseph's was prepared to proceed, the agreement had been reached," the administrator commented.

As a result of the pressure from these agencies, the ministry was able to find the necessary funds for the transfer and the date for the change-over was moved to February 1. The green light from the ministry came in early January.

Operating budget

The administrator explained that through negotiations with the Ministry of Health officials a base budget for the operation of the two hospitals was struck. The budget for the Minden facility is \$562,253 while the Haliburton budget is \$674,938.

The change in control will not be obvious to the casual observer. The services provided by the hospitals, the staff and the method of operation will continue unchanged.

"The hospitals will continue as acute care facilities," Doiron said, "they will provide short stay, active treatment facilities similar to the services now being provided."

He noted that the staff at both hospitals will remain the same, however all staff members have been notified that they are now employees of St. Joseph's Hospital. "The collective agreements now in place will continue,

Minden Winter Carnival Senior Queen Rhonda Wilson accepts the congratulations of Miss Canada Cynthia Kereluk, after receiving the tiara. The selection of the carnival royalty was the highlight of the opening ceremonies Friday evening at the arena. For more carnival pictures, see pages 10 and 11.

Busy carnival weekend

It was a busy and exciting weekend in Minden as the Kinsmen Club presented its annual Winter Carnival. The event drew hundreds of visitors to the community and provided a full weekend of activity.

A number of events held in conjunction with the carnival added to the festivities. The car racers were back on their slick track filling the air with clouds of powdery snow. In the arena, the Minden Figure Skating Club delighted a full house with a spectacular skating

carnival based on the theme 'Around The World'. Curlers from many communities vied for the championship trophy as the Curling Club presented its annual carnival bonspiel.

Elsewhere, visitors were entertained at dances, with numerous contests of strength and ability, a chicken eating contest, arm wrestling contest, and other events. A parade, featuring imaginative floats, snaked its way through Minden, while a number of clever ice sculptures added to the

festive touch.

The weather co-operated with the weekend activities, providing mild temperatures and bright sunshine to encourage the revellers to get out and enjoy the activities.

Carnival chairman Paul Travers said he was pleased with the events and that visitors to the carnival enjoyed the activities. He said members of the sponsoring club would be assessing this year's event at a meeting later this week.

The highlight of the

Friday evening opening ceremonies was the crowning of the queens and princesses for the carnival. Miss Canada, 1984, Cynthia Kereluk, added to the festivities, officiating at the crowning ceremonies.

Rhonda Wilson was selected the Senior Queen of the Winter Carnival. The Senior Princess was Karen Stewart.

Dianne Garbutt was the judges' choice for the Junior Queen. She was also selected

Deer park suggestion wins praise

The idea of creating a deer park in the centre of Minden is receiving an enthusiastic response, according to Anson, Hindon and Minden Deputy Reeve Ed Pergolas.

The deputy reeve unveiled the idea last month, and since then he says he has received a large number of encouraging comments from area residents.

Pergolas said the original suggestion for the deer park came from municipal by-law enforcement officer Dick Schell. "Members of the recreation committee were looking for ideas for the park area which lies south of the arena. Dick suggested that we consider placing some deer in the area and the idea grew from there," he said.

The area in question has been included in a municipal master park plan, but because of the wet condition of the area, little has been done with the land. An ice racing track was built on the property, but it was found unsuitable for that facility.

Pergolas said the proposal involves fencing the area. The cost of the fence has been estimated at \$22,000. The fence would be 3,500 feet long and have to be seven feet high. It was suggested that labour costs would be covered by make-work grants.

The committee initially considered placing white tail deer in the compound, but after discussion with Ministry of Natural Resources officials it was felt that a different breed of deer may be more suitable for the area. "We are currently investigating the possibility of placing Japanese deer in the park," he said. "Other zoos and parks in the province have them and we would likely be able to obtain stock from these sources."

Pergolas said that other animals might also be placed in the compound, as long as they were compatible with the deer.

Pergolas also suggested that a small petting zoo might be incorporated into the project, giving children an opportunity to get close to domestic animals, such as goats, rabbits and other animals.

He said access to the area would be free. "At this stage we're open to suggestions," he added. "We would like to know what the public thinks of the idea and how it might be improved."

Pergolas said the committee hoped to have the project underway by this spring, with some animals in the enclosure by the summer. The project is being developed by the Recreation Committee.

Other Mindens

Minden, Nebraska, U.S.A.

by Hilde Lange

Reading about winter in Minden, Ontario makes us hesitate to use the word severe to describe our past December. However, it really was the coldest December on record with temperatures past 20 below zero F. and 18 inches of snow left over from a late November blizzard.

Contrary to our normal weather pattern, January had a few days above freezing, but we have a saying in Nebraska, "If you don't like our weather now, just stay around a few hours."

Winter here is a time for farmers to catch up with a lot of things they did not have time for during the growing season. Therefore, there are seminars and training sessions being held concerning fertilizers, financial planning, farm management, etc.

Since Minden, Ontario is celebrating a 125th anniversary this year, it might be of interest to know some of the beginnings of our town of Minden, Nebraska.

In August of 1876 there was a meeting of settlers for the purpose of requesting the Kearney County Commissioners to call a special election so that the people could decide by their vote where the permanent county seat should be located. The county seat had been located at Lowell in the northeast corner of the county and people wanted to have it relocated to an area near the center of the county.

There was a Locating Committee formed which recommended a site for the new town which was to become the county seat. Just west of the town site was the post office which had been established by Frederick Bredemeier in 1875 and had been named Minden after his home town in Germany. It was decided to call the new town Minden even though at the time it was only a single stretch of prairie without a single inhabitant or building to distinguish it from the rest of the countryside.

Strange as it may seem, the first building erected was a school in 1877. The second building was a general merchandise building completed in January 1878.

The town of Lowell was understandably reluctant to relinquish the county records to Minden so when a group arrived in Lowell to take the records to Minden they found a note on the door of the County Clerk's office saying that his wife had a contagious disease and it would be dangerous to enter the building. Besides, the note continued, there was no suitable place in the new town in which the records could be kept.

The warning was ignored and the records were loaded into the waiting wagons and carried off to Minden, which at the time consisted of a schoolhouse, a courthouse building, a post office and a general store.

The rapid growth of the town can be shown by the fact that in 1878 there were two buildings and one resident in the town of Minden and in 1882 there were nearly 200 people, three general merchandise stores, two hardware stores, two drug stores, two furniture stores, two implement shops, one grocery store, two hotels, two livery stables, two churches, one meat market, one bank, five physicians, and six lawyers.

Minden was organized as a village on February 12, 1883 and attained the status of a city, second class on March 5, 1888, having grown to a population of more than 1,000.

The most important event of 1883 was the coming of the railroad. In August of that year the Burlington and Missouri Railroad determined that a railroad would be built through Minden to be completed in 60 days. A depot was erected and a telegraph established and by November 22nd, the first accident had occurred.

The coming of the railroad marked the end of Minden as a frontier settlement and the beginning of a development era that continues to this day.

It was recorded that 3,000 people celebrated the 4th of July in Minden in 1883. By the end of that year more than 100 new buildings had been erected, thirty of which were business places and the rest were residences.

Congratulations are extended to Minden, Ontario, Canada on its 125th anniversary. It will be interesting to exchange reminiscences.

Funds will help feed deer

Hunters and conservationists in the area are coming to the aid of the local deer population which is suffering from the severe weather conditions.

Two groups of hunters belonging to area hunt camps have agreed to donate \$50 per person to assist in the provision of feed for the deer. Representatives of the Ministry of Natural Resources will co-ordinate the distribution of the feed.

According to Dave Atkinson of the Ministry of Natural Resources, some \$1100 have so far been contributed to the special fund. The money was donated by members of the Trout Lake Conservation Club and members of the Kellett hunt camp.

The fund has been established at the Minden branch of the Toronto Dominion bank. Representatives of the two hunt camps, Clayton Hummell and Craig Kellett will be administering the fund. The money will be made available to the ministry on an as needed basis to supplement the government funds earmarked for the deer feeding program. Any funds which are unused will be held in trust for use in following winters.

"I am very pleased that these people have come forward to help our effort," Atkinson commented. "It demonstrates their interest in helping to preserve the wildlife of the area."

The MNR representative noted that deer are an attraction. He pointed out that visitors and residents like to see the deer in the area.

According to Atkinson, the deep snow of this winter has been causing a great deal of problems for the deer. He said that tracks left by the animals indicate that they are having a great deal of trouble moving through the deep snow. To help the animals in their mobility, trails are cut with snowmobiles to create paths where the snow is not deep.

"The next two months are critical for the deer herd," Atkinson explained. "As the days lengthen their metabolism increases, but there is little natural food available. During the early winter months the deer used their reserve fat as energy and now they must survive on what little they can find or what we can provide."

The ministry has three individuals on contract to service the feeding stations along with three other individuals employed through a winter works program. There are also six ministry personnel who assist with the feeding.

The deer are fed food pellets and a mixture of oats and corn which provide the high protein needed by the animals. There are 80

feeding hoppers located at various feeding stations throughout the Minden district with the majority located in Hindon Township. The animals have been consuming 40 tons of feed a week which cost the Ministry \$12,000 in January.

"We had originally budgeted for \$15,000 for the feeding program," Atkinson explained. "Head office has also authorized an additional \$12,000." He said that more funds could be made available through the government, but he was uncertain how much and when it might be provided.

The MNR spokesman also noted that a number of individuals who have deer on their property have volunteered to establish and tend feeding stations. Some 26 individuals have offered their services in this regard, however, not all volunteers can be accepted. "We evaluate the value of establishing a station in a particular location and, if we feel it would be worthwhile, we provide the feed," Atkinson explained.

"It is the fawns and does which suffer greatest at this time of the year," Atkinson added. "The young do not have the energy reserves or stamina to battle the deep snow. If the does are pregnant, they could abort the young if their system is too stressed by the conditions."

Atkinson is keeping his eye on the weather right now, hoping for a mild spell. A period of warm weather would help to reduce the level of the snow and make it easier for the deer to move

around.

However if conditions remain the same or more snow falls on the area, the deer herd will be forced to rely more heavily on the food provided by the Ministry and citizens in the

area.

Anyone wishing to contribute to the fund can do so at the Minden branch of the Toronto Dominion Bank, (Box 60). Contribution cheques should be made out to the Minden Deer Emergency Feeding Program.

New era starts for county hospitals

(from page 1)

there will be no changes in the rates of pay," he commented.

The administrator said that while there will be some administrative procedural changes, to reflect the requirements of the St. Joseph's facility, these will evolve over time. "We want the change-over to go as smoothly as possible," Doiron stated, "we want to minimize the confusion."

The administrator said he had been in close contact with the Red Cross and the nurse administrators at the two hospitals during the past year or more. "We are not strangers," he added. He pointed out that, "both hospitals are well run and give good care."

Administration

St. Joseph's Hospital is owned and run by the Sisters of St. Joseph. It was established in 1890 and has 211 beds. Administration of the hospital is overseen by a 25 member board of directors. The size of the board will be increased by two members to include a representative of the Minden and Haliburton communities. According to

Doiron, the Red Cross Societies in each community will be asked to nominate a representative to the board.

The administrator said the hospitals in the county should benefit in the association with the Peterborough facility. He pointed out that doctors serving the Minden and Haliburton hospitals will automatically become members of the staff at St. Joseph's.

The Haliburton County doctors will also be asked to appoint someone to sit on the hospital's medical advisory committee. As well the staff here will be able to take advantage of on-going educational programs sponsored through the hospital. In some cases, the programs may be brought to the county, rather than having the staff from here travel to Peterborough.

Through the association, the hospital staff here will have access to such medical specialists as pharmacy and dietary experts.

The association with the larger hospital should also result in efficiencies in the purchase of standardized materials such as forms, drugs, medicines, stationery and other supplies. Doiron said that while the hospitals will still maintain a degree of local purchasing, the possibility of saving money by making bulk purchases will not be overlooked.

The administrator also said he was looking forward to including the two county hospitals in the accreditation program. At the moment the Haliburton and Minden facilities are not accredited. He said an effort would be made to include them when the next accreditation inspection takes place at the Peterborough facility in about a year's time.

Recognition

The administrator said it was likely the change-over would receive formal recognition later this year. "We haven't had the time to prepare a formal program, so perhaps something appropriate can be done later this year," he said.

Doiron paid tribute to both the Haliburton and Minden Red Cross Societies for their co-operation in the change-over process. He said they had put a lot of hard work and moral support into the transfer and felt their part in the process should be recognized.

The administrator also had high praise for the nurse administrators at both Hospitals. Mrs. Marlene Bennett at Haliburton and Mrs. Jean Anderson in Minden were both very co-operative. "They were helpful in providing us with information and easing the transition," he added.

Big ones are being caught in the Highlands as this eight pound white fish caught on Maple Lake proves. August Strasic, who lives on the lake, caught the fish Thursday. The fish was 25 1/2 inches in length and had a 16 inch girth. August was using live bait, an emerald shiner, when he landed this prize catch.

Council wants grant for A.J. Gallery

If the Rails' End Gallery receives a grant from the county government, the Agnes Jamieson Gallery in Minden should receive an identical amount.

That was the feeling expressed by councillor Gary Kenney as he spoke at the January 26 meeting of Anson, Hindon and Minden municipal council.

Kenney said he was concerned the county is considering giving the Rails' End Gallery money to help "bail it out" of its financial problems. He felt this was setting a precedent.

"We have a similar facility here," Kenney said. "The Minden gallery provides a county-wide service in both entertainment and educa-

tion, and yet we haven't received one cent from the county."

Deputy Reeve Ed Pergolas agreed with that stand, saying he has suggested that the board of directors at the gallery prepare an application to the county.

Kenney noted that the number of visitors to the gallery has increased over the years and that the membership of the board of directors includes individuals from outside the municipality.

He said he would be bringing a motion to the next meeting of the council in support of a gallery application for assistance from the county.

Skating show sparkles

The Minden Figure Skating Club deserves the admiration of the entire community for its sparkling performance Sunday afternoon.

The show was a tribute to the dedication of the young skaters who practised long and hard to perfect the entertaining routines. The effort and dedication was evident in their polished performance.

While the skaters drew the applause, and stole the heart of the audience, there are many parents behind the scenes who worked equally hard. The costumes were elaborate, the routines intricate and deftly presented. Much of the success of the show is due, in no small part, to the continuing interest of the parents.

The dedication of the instructors, Jane Symons and Andrea Burk, was also a major contributing factor to the success of the show. The local club is fortunate to have had the services of these two individuals over a number of years. The continuity they provided is important to the training the skaters received, and the high calibre of Sunday's presentation.

Most in attendance Sunday felt it was the best skating carnival the community has ever seen. We agree.

Hats off to skaters, instructors and parents for a job well done.

Identity crisis

The Haliburton Highlands Chamber of Commerce has identified as one of its main goals, the raising of this area's profile. Indeed, the Chamber and other groups interested in promoting the Highlands, has been striving over a number of years to let residents of the "Golden Horseshoe" area in particular know where the Haliburton Highlands is and what this area has to offer.

While that effort has been directed at individuals, the groups should have perhaps been aiming a little higher. If the people promoting this province don't know where the Highlands is then how can we expect the general public to recognize our existence.

This situation was brought to light in an Ontario Ministry of Industry and Trade publication which crossed the editor's desk last week. The publication, Ontario Business News, contained an interesting article on the efforts of Len and Roger Creelman to market their made in Haliburton amphibian airplane, the Seawind.

While the article provides a boost to their efforts, one can't help but wonder if all the efforts poured into promoting the Highlands has been for naught. The article reads in part, "This aircraft has been evolving for the past ten years," says Len Creelman, who with his brother Roger run Seawind International located in the town of Haliburton in Ontario's lake-studded Muskoka vacation area.

The Minister of Industry and Trade is Frank Miller, the MPP for Muskoka.

letters

Editor:

First, hurrah for Minden Council and Reeve Fearrey! Nice to hear a bigger voice speaking out for concerns of an ordinary citizen. Especially those who use the Ingoldsby bridge every day and have our children bused over it.

Granted, everyone has a right to express their objections and concern. How many are here except in good conditions, but doubly busy, or have big enough boats to matter. There are over 35 homes and 100 people in vicinity now. At rates quoted 500 to 1000 cars a day, that means every 1 to 3 minutes a car goes by if spread over 24 hours.

I take exception to Mr. Howe's statements recorded in local papers "county road 18 has no commercial value" and "accident rate is zero". I wonder what his definition of these is, and has this gentleman ever had occasion to visit Ingoldsby, travelling over or under our bridge?

In 26 years as permanent resident and 20 as cottagers on Canning Lake I've seen growth all around. Cottages have sprung up solidly around lakes, there is a large summer camp, a large campground and several lodges and a golf course along 18. How do you think these hundreds of people travel? Do they not have some value to area?

What of the trucks that bring food and building supplies, oil and wood, furniture, hydro, sewage pumping, sand and snow-plow vehicles. People come to the cemetery, the church, the store, for their mail and to visit.

We don't hear of all the accidents, but I assure you they happen, to say nothing of close calls, and all aren't reported.

Fact one at Christmas over \$3000 damage.

As canoeist I've had occasion to be under as vehicles pass and debris does fall. Cement is crumbling, metal rusting and dangling.

Walking is dangerous due to crumbling edges and gaps in curbs, especially for children.

Mr. Loucks summed it up before - the time has come. Old bridge (or maybe even new) I am afraid of tragedy because of speed. Meant for horse and buggy not today's traffic.

Lorna Hicks,
Ingoldsby.

Editor:

I read with interest in The Times that Irene Moore and Jeanne Sears were honoured on their retirement from the library work. They will surely be missed.

letters

I was librarian from 1928 till 1946, at that time the library was over the Echo printing office on main street. It was cold in winter and hot in summer but I enjoyed working with books and meeting people. I received the big salary of twenty dollars a year, five dollars every three months.

Over the 18 years I missed very few Saturdays. When I resigned to be married no one gave me a gift or even a thank you note. It seems we have to often do quite a bit for the good of the cause.

Florence Robinson,
Minden.

Editor:

I would like to express our gratitude to Stuart Baker, Principal of the Archie Stouffer Elementary School, Minden and Chairman of the Children's Services Advisory Board of Haliburton County, for providing a place and facilities at the school Monday night. A workshop was held regarding needs study for children in the County.

The study was most ably conducted by Mrs. Deborah McKittrick, Director of the Children's Services Advisory Group at Peterborough.

The discussions and suggestions produced a comprehensive list of needs, which were recorded, prioritised and agreed by all.

When the two remaining workshops at Haliburton and Wilberforce have been held, a complete report of required needs for the county, will be tabulated and circulated for future action.

It was a pity that there was no representation from adjoining township councils, other than those already involved!

Glynne Lewis,
Chairman,
Children's Services
Advisory Group,
Minden.

Editor:

Having recently adopted Minden as our home town we feel compelled to write a few lines about your children.

We have met a great number of your children from toddlers to the twenties. We have found them to be polite, humorous, well mannered, friendly and honest.

Too often we hear of youngsters who have got themselves into trouble and very little about the vast majority of super kids who deserve a mention now and then.

Minden has so much

letters

going for it and you can add your children to the list of things to be proud of.

Garth & Peggy Gammon,
Minden.

Editor:

The Times of Minden continues to give myself and friends much interest and pleasure. Long may your newspaper prosper.

May I tell you we greatly miss the writings of Yvonne Guida? Her talents appear various and perceptive. Her painting and poetry admired by the Shakespeare Devotees who dwell around, and appreciate the warmth and heart placed in Miss Guida's column some while ago.

Can we hope for more writings from a lady we only met and learned to enjoy through your good newspaper?

A Happy New Year to each and everyone.

Mrs. N. M. Holliday-Rhodes,
Worcestershire, England.

Editor:

I am writing on behalf of my family in regard to an issue that we found both shocking and appalling. It is our intention that the residents of Minden be informed as to the type of care they might expect, should they find themselves in need of medical attention at Minden Red Cross Hospital.

Our story concerns the recently deceased Harry J. Cowan and the treatment he received while at the hospital on several occasions during the past year.

My father was not a well man, having been in and out of three different hospitals

once or twice monthly for ten months during 1983. How very unfortunate for him that the majority of these times were spent in Minden Hospital.

Through visits to the hospital and from talking to my father, my family and I learned of the disgracefully poor attitude that exists among some of the nurses there. My father passed on to peace and comfort on January 8 - peace and comfort he could never have received at Minden Hospital.

The rage we feel at the shoddy treatment my father received at Minden Hospital has prompted me to write this letter. All of the incidents which took place could not possibly be included here, but I believe that the few that are can sufficiently bring our emotions to light.

On one occasion, one of the "caring" nurses said to a member of our family, "What's he doing back in here? He isn't any sicker than he was when he went out last week."

This is quite a remark to make considering the fact that the ambulance had been ordered by a doctor! It was also made known to us that the general consensus among the nurses was that he was "just putting it on for the family". What right could a nurse possibly have to make such comments and diagnoses? What reason could an ailing man of 77 years possibly have to play act an illness? Have I been under some misconception that a nurse's training included understanding and compassion for the sick, the elderly and the dying? Admittedly, my father could enter into bouts of irritability and impatience, but isn't a nurse paid to take

SECOND CLASS MAIL REGISTRATION NO. 0936

Sportscaster will ride in Snowarama

CBC sportscaster George Duffield will be one of many riders taking part in this year's Snowarama for Timmy being staged in Minden this weekend. The event is sponsored locally by the Rotary Club.

Duffield, who has been involved in promoting the cross-country ski counterpart to Snowarama, has been soliciting pledges for the past month on the regional morning program, Ontario Morning.

He will be taking part in the event which is expected to attract over 200 riders and raise more than \$13,000 for crippled children in Ontario. The ride covers an approximately 100 kilometres with snowmobilers gathering pledges based on the number of miles they travel.

According to Snowarama organizer Lionel Walker, everything is ready for the big weekend. "The Haliburton County Snowmobile

Association has been grooming the trails we'll be using Saturday," Walker commented. "With the snow now on the ground, there should be excellent conditions."

The organizer noted that the route, west and south to Moore Falls, has been laid out so most of the trails are on land. "We will be crossing a number of beaver ponds, but they are well frozen and the trails have been used all winter so there shouldn't be any problem." Walker pointed out that the club wished to avoid routes on area lakes because of the uncertain conditions caused by the heavy snowfall.

Members of the Rotary Club will act as marshalls for the ride. They will be posted at road crossings and at gas and food stops to ensure the riders complete the course safely. Fuel for the snowmobiles is donated by local gasoline whole-

salers.

Walker noted that the HCSA has again donated the use of their trails for the run. "Those who do not have permits to use the trails will be welcome to take part," he commented.

Registration for the run will be held at the Minden arena beginning at 7:30 a.m. It is hoped that all riders will be on the trails by 9:30 with the last participant expected back at the arena by mid-

afternoon.

The Rotary Club will also be holding a dance Saturday night at the arena. Those taking part in the run will be admitted free. The event is open to the general public with proceeds being donated to the HCSA.

For more information about this year's Snowarama, contact Lionel Walker at 286-2101 or Cub Coneybeare at 286-1748.

Services assessed

An assessment of the county's social services for children was started Monday evening at a special meeting held at the Archie Stouffer Elementary School.

Co-ordinated through the Children's Services Advisory Group, representing Haliburton, Victoria and Peterborough counties, the meeting was chaired by Deborah McKittrick. Representatives of various social agencies and services involved with children were in attendance.

The participants were asked to suggest services which they felt were most needed in the county. Through a process of elimination, the group determined the five areas which needed the most attention.

The meeting determined that concentration was needed in these areas: providing for the emotional needs of children and their parents; programs related to alcohol and drug abuse; transportation for individuals wishing to take advantage of the existing services;

specialists in various fields; and greater community awareness of the services which are available.

This meeting was the first of three to be held in the county. The next one is scheduled for February 13 at the Haliburton Highlands Senior Elementary School in Haliburton. The third meeting will be held at the Lloyd Watson Centre in Wilberforce March 6. Both will start at 7:30 p.m.

After the three meetings have been held a report will be prepared outlining the findings. It is hoped that a plan to implement the main findings of the report will then follow.

Haliburton ride raises \$11,834

The Rotary Club of Haliburton staged their most successful Snowarama to date on Saturday raising \$11,834.00 for the Easter Seal Society.

According to Snowarama chairman Raymond Selbie 113 snowmobilers took part in the event compared to last year when 72 riders raised \$7,000. The majority of the riders were from outside of the county with a large contingent from the Kennis Lake Snowmobile Association.

The 100 km ride took

place in the Haliburton Forest and Wildlife Reserve. This winter's heavy snowfall and the ideal weather conditions contributed to the success of the Ride for Timmy.

The snowmobilers were provided with a free lunch by the organizers and fuel was provided free of charge by Imperial Oil and local Esso dealer Giles Connelly.

Paul Wilson of Haliburton had the most paid pledges for the day raising \$600 for Ontario's crippled children.

— Proceeds to community projects —

from the chamber

Preparations are again underway to organize the annual Haliburton Highlands Chamber of Commerce display at the Sportsmen's Show in Toronto. Approximately one half million vacationed-minded people attend this exhibition and local resorts, children's camps, realtors, etc. have found it an excellent way to introduce themselves to the urban market.

If you are interested in personally participating (helping to staff our booth while selling your product) or you would like the Chamber to display your brochures, please call us now for more details.

There's more in '84

Our coming events bags have arrived at last after such troubles as bubbles in the printing plates, etc. Most of the events taking place this year are listed - in this business it is never too early to start planning for the following year to ensure your happenings will receive lots of free publicity.

The Chamber itself has ordered 25,000 bags which wholesale at \$46.50 per 1000. Thousands of these will be given out singly in the Highlands, at the Sportsmen's Show in Toronto, and other travel shows.

Individual retailers may order the bags wholesale with their own name, logo or message on the reverse side, minimum orders of 10,000 take approximately four weeks to process.

Tartan

The Haliburton Highlands Tartan has been ordered from Scotland where the looms will be dressed to produce approximately 180 metres of the 60 inch width 100% wool cloth. It is hoped it will arrive sometime in June 1984 and be sold by retailers in Dorset, Haliburton and Minden villages.

Guide

S.A.G., or perhaps better known as the summer accommodation guide is in the compilation stage. 25,000 of these will be printed and distributed through private and Government Travel Centres, given out at the Sportsmen's Show, travel shows as well as being individually mailed to each summer accommodation inquiry that comes into the Chamber office through weekly advertisements for same in the Toronto Star and other travel media. If you would like your resort listed on this brochure please call us yesterday with the details at 286-1760.

Haliburton Marine Chapter 3

Having suffered through a fire in chapter 1, the winds of a tornado in 2, we pray that the flood likely to occur with the melting of tons of snow from the third of roof of the huge boat storage shed that collapsed last week will be the concluding one in the series of misfortunes. Fortunately nobody has been hurt in all three incidents.

Bargains

Some of our local retailers are clearing winter inventory with substantial savings offered on quality merchandise. If you are still hanging onto your Christmas money now is the time to make it stretch even further or just give yourself a treat.

New location

Sandalwood Gifts Boutique and Gallery invited us to their opening day January 14 to view the new, bright, spacious facilities which present the various displays to advantage. The wide selection of gifts may be seen daily 10 a.m. to 6 p.m. (except Sundays) at their new location on Main Street near Dollo's I.G.A. in Minden.

Ice racers

Not to be missed - stock

sport car races on ice - two exciting weekends have happened already but two more remain - January 21 & 22 and February 25 & 26 and possibly March 3 & 4 which is a tentative rain date.

Stock sport car races on ice (small cars with 3000 c.c. motors or less) spend considerable time going forward anyways, but are humorous and entertaining for the whole family to watch. Larger cars are not allowed to race as two of them sideways on the track would stop the flow of traffic. Participants come from all over and all walks of life to compete in various categories according to engine size and whether front or back wheel drive, etc.

Races take place on the winding 1/2 mile track at the Minden Fairgrounds and usually run most of the day until approximately 4:00 p.m. No admission charge.

Rides

Also this weekend - February 4 - The Gooderham Stump Jumpers Snowmobile Ride which includes fishing derby with prizes of ice augers, snowmobile ride with trophies, Roast Beef Dinner, skating, and a dance until 1:00 a.m.

And - February 4th - Timmy's 100 km Snowarama sponsored by the Minden Rotary will be held with visitors from C.B.C. in Toronto.

Talking about visitors - Miss Canada - from Alberta, dropped in last Friday on her way to the Minden Winter Carnival.

letters letters letters

(from page 4)

care of patients and show compassion, whether they enjoy it or not?

On another visit, I asked the aid of a nurse in taking my father to the bathroom because he was so weak. After throwing a pen across the desk, and grunting, "I just got sitting down", she reluctantly gave us her assistance. Is this reasonable behaviour? I am told that in other hospitals it is illegal to leave medication on the table, and not see that the patient take it, however my father was told that he could "take it or leave it", whichever he chose.

When my father arrived by ambulance in Peterborough on January 6 for transfer to Civic Hospital, I was shocked to see that he hadn't been given a clean undershirt, and that he was wearing one still bloody from a previous nosebleed.

I am truly glad that for the two days he spent at Civic Hospital before he died, he received excellent care from compassionate nurses, whose understanding and care made his hours peaceful and content. What kind of logic is used when 23 patients receive such superior care from 3 nurses at a busy hospital like Civic, and 2 patients get such hazardous treatment from 2 nurses in a 7-bed ward in Minden?

I would like to close this letter by thanking all the people who did truly help and care for my father. Many thanks to Dr. Holliday-Rhodes of Minden, all of the ambulance drivers and attendants, the man in the bed next to him (Mr. Bristol), and the two nurses who did offer my father the care any human deserves.

My sincerest apologies to those nurses to whom this

letter does not apply. I have heard many reports of excellent care being administered to other patients. This does, however, cause me to wonder why there would be any discriminatory cases at your hospital in Minden.

Thank you for allowing me to have my say.

Ferne Miller,
Peterborough.

Roof collapse investigated

The cause of a collapsed roof at a boat storage shed at Haliburton Marine has yet to be determined, according to one of the owners of the business Gary McKnight.

The front end of the shed, located to the left of the main showroom, collapsed during the night of January 24 - 25.

McKnight said he didn't feel the snow load on the roof was responsible for the collapse, but refused to comment further on the incident until an engineer's report had been received. A

structural engineer examined the shed during the weekend in an effort to discover the cause of the collapse.

The structure held about 50 boats. McKnight said there had not been an estimate of the damage caused by the incident, but suggested that many of the boats were not seriously damaged.

Extra shoring has been installed in the building to ensure that no further damage occurs. Repair of the structure is expected to begin shortly.

\$500.00

in Dixie Lee Chicken and Seafood's Chicken Barbeque Sauce Contest

Enter your favorite recipe for Chicken Barbeque Sauce. If our panel of local judges picks it to be the best, we will buy the recipe from you for \$500.00.

Deadline for entries is **Feb. 15, 1984**, all entries to be mailed to: **Barbeque Sauce Contest, c/o Dixie Lee, Box 328, Minden, Ontario, K0M 2K0.**

Ensure that your name and return address and phone number are on the recipe. Judging will be held Feb. 20 at the Dixie Lee in Haliburton. No purchase is necessary for entry. Sauce only to be used at Dixie Lee Haliburton and Minden outlets.

Phone numbers important to Cynthia

Phone numbers have taken on a new importance for Cynthia Kereluk, Miss Canada 1984, who was the special guest at the Minden Kinsmen Winter Carnival. The lack of one on an application form she completed last year, almost meant she missed out on being crowned Miss Canada.

In September 1983, Cynthia, who was working as a fitness instructor, entered the Miss Edmonton Beauty Pageant "just for something to do" and because the contestants were offered free modelling lessons. Curious that she had not been contacted in the weeks following her application, she got in touch with the organizers. They explained that because she had not included her phone number on the application form they had been unable to inform her that she had been accepted. She went on to win the pageant and the opportunity to compete in the Miss Canada Pageant.

Miss Canada mentioned this incident in an interview Friday, shortly after her arrival in Minden. She went on to talk about her past and her future ambitions.

Before becoming Miss Canada, Cynthia had won two other beauty pageants while still in her teens. She had also won numerous awards as an actress, a writer and an athlete. Her work in live theatre came about because she had always dreamed of becoming an actress and because she is "the type of person who wants an immediate response." She added, "I enjoy being able to make eye contact with the people I am performing for."

Her love of the arts also includes writing short stories and poetry. She hopes one day to get away from the city and return to the Okanagan Valley to concentrate on writing. She grew up in that corner of British Columbia and believes that the serenity and relaxed atmosphere of the valley will provide the right environment to continue writing stories for children.

Besides the arts, Cynthia's main interest is fitness. "Athletics has been the first love of my life" she commented. During high school Cynthia participated in track and field as well as gymnastics. She has also coached and trained athletic teams. Her interest in individual rather than team sports led her to study Judo for which she has won several championships.

Miss Canada also lifts weights to stay in shape and in commenting on her participation in this previously male-dominated sport, offered the opinion that "women can add a feminine flair to anything

and still maintain their femininity."

Cynthia emphasised that her overall fitness proved to be a great asset during the Miss Canada Pageant. Not only did she have more than enough energy to deal with "the very gruelling schedule" for the ten days prior to the final event, she also finds staying in top physical shape helps her cope with the busy schedule as Miss Canada.

Cynthia admitted that although she had always dreamed of becoming Miss Canada, she was afraid to enter the contest. She explained "because of my fear of rejection it was not an easy thing to do," but added, "you can only do your best

and accept what you have accomplished." She did enter because "I wanted to do it for Edmonton and my friends" but phoned some of those friends on the day of the pageant telling them not to watch since she had already picked someone else as the winner.

In July Cynthia will be representing Canada in the Miss Universe Contest. She is looking forward to the event because it will offer an opportunity to travel and meet other contestants from all over the world. She especially hopes to meet and get to know Miss Japan who may prove to be a valuable contact in the future. Cynthia hopes to work in

Japan one day.

She explained "I have had this idea for years, to work as a model in Japan" and added that to help accomplish this she is studying the Japanese language.

Besides the other plans that Cynthia has for the future, she hopes eventually to obtain her doctorate in Holistic medicine. Her interest in this particular discipline came about not only because she recognizes the importance of health and fitness but also because Holistic medicine emphasises the prevention of disease and the interaction between people and their environment as well as their mental and spiritual state. Although she does not intend to practise medicine she intends to write and lecture.

If all these plans seem overly ambitious it is important to remember what Cynthia herself said about her future. "I have to set goals for myself in order to feel productive." She added, "I believe it is important to have dreams, but just as important is that some of them don't come true in order to have a challenge ahead."

Busy schedule for anniversary

It will be a busy year in Anson, Hindon and Minden townships if the plans of the municipal 125th anniversary celebration committee sees all of its plans through to fruition. Councillor Gary Kenney and Dave Stevens presented a list of 13 ideas to the council January 26 for their consideration.

The council endorsed nine of the ideas and asked the committee for time to consider four of the projects.

Those ideas which have been accepted by the council include:

- The construction of a portable display, in conjunction with the Cubs and Scouts of the community. The display would hold photographs and artifacts depicting the development of the community and the province. Estimated cost \$1,000.

- In conjunction with the Minden Agricultural Society, a special horse pull, called the "Heritage Classic" would be held during the Fall Fair. It would be a single horse pull with only one teamster allowed in the ring. Estimated cost \$900.

- The expansion of the Canada Day festivities of last year to mark the nation's birthday as well as the municipality's and the province's anniversaries. Estimated cost \$3,000.

- A beard growing contest, known as the "Hairitage Classic", with the judging to take place at the Oktoberfest. Estimated cost \$750.

- A photography contest involving colour prints, sepia prints and heritage prints. The entries to be

retained by the municipality for promotional use. Estimated cost \$500.

- Members of council, municipal staff, the press, and anyone appearing before council from June 1 to December 31 will dress in fashions of the late 1800's. Suitable fines would be levied for those who do not meet the dress code. Estimate cost nil.

- A juried competition of arts and crafts from municipal residents. The competition will be administered through the Agnes Jamieson Gallery with entries being retained by the gallery for the municipal collection. Estimated cost \$1,000.

- Heritage Ball, a dance with participants dressing in the fashion suitable to era 1850 to 1950. It would be a pot-luck evening with the dish being contributed identifiable with the period of the costume being worn. Estimated cost \$750.

- The hydrants in the community would be available to budding artists. If a judging panel approves of the final work, the rendering will be allowed to stay. Those rejected will be available for repainting. Estimated cost \$1,000.

Councillor Kenney noted that the committee anticipates to receive financial support through federal and provincial grant programs for a portion of the costs outlined. It was estimated that close to half the cost would be covered by these grants.

The four programs which the council wished to study further included:

- The awarding of heritage awards to citizens who had made a meaningful contri-

bution to the townships. This idea was questioned because of the possibility that someone could be missed. Deputy Reeve Ed Pergolas said that anyone who lived here more than 80 years would be deserving of the award.

- An educational contest in which students from throughout the county would be invited to submit essays on a heritage theme was rejected as was a competition for high school drafting students to design a plan for the utilization of the old Welch property.

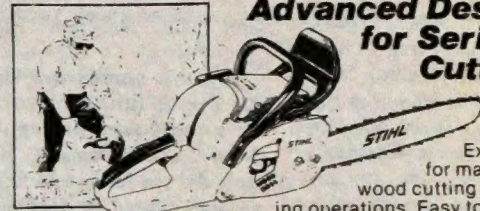

- Also placed on hold were two programs which would

offer cash rewards to businesses and homes which improved their premises or property to accent the heritage theme. It was suggested that this sort of incentive should not be necessary for residents to improve their property.

The programs which were accepted by the council would require a budget of \$7,300, with a portion of that expected to come from provincial and federal funding.

The council gave approval to those projects so that planning for their implementation could begin.

43 compete in squash tourney

Story and photo
by Lyn Winans

Several factors, including a large draw of 43 entries, made this year's Ski and Squash the best tournament the Highlands Squash Club has ever hosted.

Thirty one men and twelve women from Orillia, Barrie, Huntsville, Toronto, Belleville, Peterborough, Richmond Hill and Haliburton competed in the three day event.

Saturday evening saw all sit down to a spread of roast beef, salad and baked potatoes lovingly prepared by Betty Perugino and Shirley Rydman. After the meal, there were skits and dancing, till the wee hours of the morning.

All final matches on Sunday were hard fought and entertaining. The local club took three of the six final events.

Tom Myers and Gary Helmkey put on a performance not soon to be forgotten, during their final for the Men's A title. These gentlemen demonstrated skill and mastery that had spectators and competitors alike

Tom Myers of Orillia and Gary Helmkey of Barrie warm up for the Mens "A" championship game at the Haliburton Squash Club. Helmkey defeated Myers three games to one in the set to win top honours.

Banks block vision

Police report that a number of accidents have occurred as a result of high banks along the sides of roads blocking drivers' vision. They have asked for the co-operation of residents in clearing back these high piles of snow to ensure that oncoming traffic can be seen before pulling out onto the roadway.

shaking their heads in disbelief.

Judy Woodley, of Belleville, who competed in the Men's C division made it to the third round before finally being beaten by Dan Duffy of Barrie. Judy is a provincially ranked player and there was no women's division of her calibre at the local tourney.

Organizers Eric Dunn

and Jim Andrews did a superb job of organizing the tournament, keeping it running on schedule and promoting our small, but keen, club.

Results

Men's A: Gary Helmkey (Barrie) defeated Tom Myers (Orillia) 3 - 1.
Men's B: Ken Rydman

(Haliburton) over Dan Mallory (Barrie) 3 - 1.

Men's C: Jim Andrews (Haliburton) defeated Dan Duffy (Barrie) 3 - 2.

Men's D: Colin Still over Roger Still 3 - 0.

Women's A: Ann Gray (Belleville) beat Jane-Petman (Huntsville) 3 - 2.

Women's B: Lyn Winans (Haliburton) over Erica Brown (Haliburton) 3 - 1.

WINTER

(from page 1)

by her fellow contestants as Miss Congeniality. The Junior Princess was Shannon Mintz.

Miss Congeniality in the senior division was Diane Clayton.

The results of the other activities during the weekend include:

Outdoor events

Ladies nail driving: 6 contestants entered with Sharon Briscoe winning after a tie breaker.

Men's nail driving: 11 contestants entered with Keith Harrison winning after 4 tie breakers.

Log sawing: 7 teams entered this contest. Fred Cooper and Ken McKnight won with a 17 second cut.

Tug-of-war: 8 men per team: 7 teams entered with the Ontario Hydro team coming out winners.

All above winners were presented with vouchers.

Two teams of ladies from Carnarvon and Halls Lake had a tug-of-war for fun. They all came out winners.

Pole climbing: 7 teams were entered but due to the lateness in the day - only one

team remained intact. Kushog Lakers took the prize in 42 seconds.

Kids outdoor sports

In the Junior events all youngsters show-shoed for free touques.

Several tried the ring-toss and ball hockey, those successful won a small token for their effort.

The winner of the chicken eating contest was Murray King.

No results were available from the arm wrestling contest, snowmobile drags or car races on ice.

Carnival parade winners - Non Commercial: 1. Hyland Crest Senior Citizens Home; 2. Rotary and Cubs; 3. Minden Play School. An Honourable Mention went to the Minden Agricultural Society for their "humorous entry".

Commercial: 1. Red & White; 2. Stedmans; 3. Beckers.

Many thanks to the parade judges - Hugh Crockett, Win Lahay and Rev. George Elliott.

Ice sculpture: Senior - Katimavik (Paul Bunyan log cutter). Junior: Archie Stouffer School (log cabin).

CARNIVAL '84

Huskies lose four straight in semi-finals

In the 1982-83 season the Haliburton Northernways Huskies had a very disappointing season. The team ended up at the bottom of the heap winning only two games during the season. This year the Huskies were much improved, able to defeat any team in the league. They ended up in third place winning twelve games and tying five.

Many of the fans were optimistic about their chances in the playoffs but after four games the Huskies' season was over.

The Huskies travelled to Parry Sound for the first game of the series. Captain Scott Arbuthnot, Ron Yake and Tony Scheffee were unable to make the trip and as a result, coach Derrell Stamp could only go with two forward lines. The result was a 14-4 loss to the Shamrocks. Steve Smith scored two goals in his team's loss, while singles went to Kelly Mitchell and Mike McNaul. Scott Rae had two assists and Dave Nicholls and Bernie Upton had an assist each.

On Wednesday night the Huskies hosted the Shamrocks at the Dysart arena and played a much stronger game. After the Shamrocks opened the scoring, Kelly Mitchell tied the game with help from Dave Nicholls and Cory McKnight.

The Shamrocks went ahead again but early in the second period Steve Smith tied the game at two all. Assists went to Kevin Shapiera and Scott Rae. The Shamrocks added two more goals before the end of the period.

The Huskies bounced back in the third period tying the game on goals by Mike McNaul and Greg Newell. However the Shamrocks scored three unanswered goals to win the game 7-4.

The Huskies returned to Parry Sound on Friday night without goalie Colin Newell who was injured in Wednesday's game and aggravated the injury before the game Friday. Once again the Huskies were outscored by a wide margin as the Shamrocks beat them 11-2 in a hard played, penalty-filled game.

Steve Smith and Rob Abbs scored for the Huskies and assists went to Scott Rae, Drew Bishop, Barry Boice and Dave Nicholls.

On Sunday afternoon the two teams faced off for what proved to be the final game of the series.

Prior to the game, two of the key players were honoured for their excellent play during the season. Captain Scott Arbuthnot was presented with the trophy for the top defenceman of the Northern Georgian Bay League. Teammate Dave Nicholls received the trophy for the scoring championship. Nicholls was the top scorer by a wide margin in the combined northern and southern divisions of the Georgian Bay Junior "C" League.

After the presentations the teams began one of the most exciting, evenly matched game of the series. It looked like another runaway game for the Shamrocks after they scored three unanswered goals in the first period but with

The Shamrocks goalie looks on helplessly as Ron Yake's shot sails into the corner of the net. The action took place during the Huskies' final game of the season when they were eliminated from the playoffs.

eight minutes left Ron Yake connected on a pass from Tony Scheffee. Just before the end of the period Drew Bishop scored on a hard slapshot from the point after taking a pass from Scott Arbuthnot.

The Huskies came on strong in the second period but the Shamrocks broke away and scored on a rebound to make the score 4-2 in their favour. Once again it looked like another rout as the Shamrocks added two more unanswered goals. Ron Yake narrowed the gap just before the end of the period on an assist from Tony Scheffee.

Yake added another goal at the beginning of the third period then with five minutes left in the game, Dave Nicholls put the Huskies within one on a pass from Kelly Mitchell and Ron Yake. The Huskies continued their attack but it was the Shamrocks who scored next to increase their lead to 7-5. The Huskies pulled goalie Dave Story for the last minute of play but were unable to score. The game was the best team effort of the series but it wasn't enough and they were eliminated from the playoffs. It was their last game of the season.

Peterborough wins Novice title

Peterborough and Bowmanville teams claimed top honours in the Novice hockey tournament held during the weekend in conjunction with the Kinsmen Winter Carnival. Bowmanville emerged the champions, defeating Haliburton in the final game 4-0. Knox, from Peterborough, was the consolation champions, defeating All Saints, also from Peterborough, by a 4-3 margin.

There were two Minden teams in the tournament. The Blue team was defeated in its first game by Haliburton. The score was 4-2. They went on to the semi-final round of the consolation series, where they were defeated by All Saints of Peterborough, 4-3.

The Minden Blue team won its first game in a shoot-out. The winning score, over All Saints, was 4-3. In the semi-final round the Blue

team lost to Haliburton 5-1.

Jason Kellett scored both the Minden White team's goals in the opening game. Corbie Kent and Brent King were credited with the assists. Haliburton goals in the opening match were scored by Greg Stamp with three, two unassisted, and one from Mark Morissette, unassisted. Kevin Morissette and Peter Brohman assisted on the third Stamp goal.

Jason Scarlett led the Blue team to their win, scoring two goals during the game and the winning marker during the shoot-out. The other Minden goal came from Dan MaGee. Assists were given to Andrew Sisson, Keith McKelvey and Jason Scarlett.

The White team's second contest saw Corbie Kent score both goals, both assisted.

Greg Stamp led the charge for the Haliburton team in their 5-1 defeat of

the Minden Blue team. He scored all five goals, three of them unassisted. On the other two markers, Jonathan Bishop and Paul Hewitt assisted. The lone Minden marker was scored by Jason Scarlett, unassisted.

Both Minden teams put in a good effort and all players are to be congratulated. Since the teams have not been playing in a regular league this year, this was their first opportunity to play teams from larger centres. Members of the teams include: White: Jeremy MaGee, Chad Connelly, T.J. Lee, Corbie Kent, Shayne Hartin, Ben King, Jason Kellett, Marsha Lee and Damon Smith. Blue: Jeremy Phillips, John Henderson, Jason Scarlett, Dan MaGee, Keith McKelvey, Chris Todd, James Simmons, Andrew Sisson, Jarrett Campbell and Todd Scarlett.

The Championship team

from Bowmanville received the Kinsmen Trophy. Runners-up, Haliburton, was presented with the Eric Coulter Memorial Trophy.

Consolation Champions, Knox of Peterborough, was presented with the Prentice-Berry Trophy while the runner-up in that series, All Saints of Peterborough, received the Porter Award.

The following is the game summary from the tournament:

Opening round: Haliburton 4 - Minden White 2; Minden Blue 4 - All Saints (Peterborough) 3, decided in a shoot-out; Bowmanville 7 - Knox 1; Pickering 4 - Huntsville 1.

Championship: semi-final, Haliburton 5 - Minden Blue 1; Bowmanville 5 - Pickering 0. Championship game: Bowmanville 4 - Haliburton 0.

Consolation: All Saints 4 - Minden White 3; Knox 11 - Huntsville 1; Consolation final: Knox 4 - All Saints 3, in overtime.

Now that winter is here, keep your snowmobile on the trail

Keep your John Deere snowmobile in top running condition. Call us for a service appointment. Or, if you want to do your own tuneup work, see us first for all the parts you'll need. We stock a full line of engine parts, chassis parts, tracks, drive-train components, skis and shocks, springs and windshields. We also carry speed, control and comfort accessories. Keep your snowmobile running right with genuine John Deere parts.

NOTE: Our technicians are ready to service chainsaws, lawnmowers, tractors from 5 HP to 50 HP - gas or diesel, snowblowers and snowmobiles. Welding is available. FREE pick up and delivery within 20 miles of Minden.

Hours of practice gave Tracy the championship

The Minden Figure Skating Club was fortunate to have Tracy Wainman as their guest skater during their annual Skating Carnival on Sunday.

Tracy had just resumed skating after a six month lay-off because she was suffering from tendonitis and has decided that her performance on Sunday will be her last guest appearance for some time.

Tracy, who began skating 11 years ago, gained nationwide recognition in 1981 when she won the Senior Canadian Championship. She was not only the youngest competitor that year but was the youngest competitor ever to win the title.

She was also named the Female Athlete of the Year. When asked if she was surprised at winning the award she agreed and said, "It was

a big surprise. I was skating in Orillia when my coach came on the ice to tell me I had won. I didn't know that I had been nominated and didn't even know that the award existed."

Tracy has decided to discontinue her guest appearances to concentrate on her academic studies and to prepare for the senior

championships next year. She and her coach Ellen Burka will be creating two new skating programs which she will be working on all summer. Tracy will be working four hours a day six days a week to perfect her routines.

She advises young skaters that "the most important thing is just to keep working. The days that you practice when you really don't want to make the difference in becoming a better skater."

Tracy Wainman strikes a delicate pose as she prepares to begin one of her two outstanding performances during the Minden Figure Skating club's annual carnival. The young champion delighted the packed arena with her exciting skating routines.

Top teams take wins

The top two teams in the Men's Recreational League racked up a pair of wins in Monday night's action. The Rockcliffe Foamblowers defeated Hall's Insurance 9-7 in the first game of the evening and Hartwick Construction followed with a 5-2 victory over Home Hardware.

In the first contest of the evening Hall's jumped to a 3-0 lead at the end of the first period. Not to be outdone the Blowers bounced back to even the score at 3-3 by the end of 40 minutes of play.

The action heated up in the third period as the play got rougher. The 'Blowers outscored Hall's to break the deadlock and gain a 9-7 victory. Harris Steele had a productive night scoring two goals and a pair of assists for the 'Blowers. Jim Keetch added a hat trick and the leagues top scorer Dave Hartwick added two goals and an assist. Barry Walker scored a hat-trick for Hall's and Dan Read added a goal and an assist.

In the next game the second place team Hartwick Construction defeated Home Hardware 5-2.

Neither team were able to score in the first 20 minutes of play but Hartwick finally connected and led 2-0 at the end of the second period. Home finally found the mark in the third period but

were outscored by Hartwick who won the game 5-2.

Craig Carpenter and Ted Vasey scored for Home in the losing cause. Al Stender connected on 4 assists for Hartwick while Larry Sawyer knocked in a pair of goals. Goaltender Doug Pearson played an outstanding game to help his team clinch the victory.

The four teams meet again on Monday night to finish off the regular season. The first game begins at 7 p.m. at the Minden Community Centre. There is no charge for admission to the game.

YBC

by Lora Patton

Last week I told you that I would have the results of the Family Twosome tournament for you.

The winners of the Tyke division were Timmy and Ron Robinson Sr. Bantam winners were Ted and Teddy (sorry no last name). Junior winners were Tony and Eve Rutledge and Seniors were Darrell and Dave Bell.

This week was the Golden Age Pee wee tournament. Sherri Whiteway (a new YBC bowler) was bowling and got a terrific 147.

Next week I will have the results of this tournament.

Until next week, goodbye.

The winners of the Dixie Lee championship trophy at the Winter Carnival Bonspiel was the Merv Mintz rink. Team members include, from the left, second Les Hills, vice Sandra Oakley, skip Merv Mintz and lead Linda Mintz. Their win was a close one as they were tied in games won with the Bob Colliver foursome. The Mintz rink took the trophy on a tie-breaking ends won count, which placed them two points ahead. The Bob Colliver rink was second while Shane Blakey's foursome placed third. In fourth spot was Bob Kyle's rink from Ennismore, the Gord Dawson rink of Peterborough was fifth and Minden's Bill Roodenburg rink placed sixth.

Appointment

Dixie Lee Chicken and Seafood of Minden and Haliburton are pleased to announce the appointment of

FREDA COX

to position of
Manager
of the Haliburton
Store.

Having been assistant manager in Minden, Freda brings with her many years of experience in the fast food and full-service dining industry.

We extend congratulations and wish her every success in her new Manager's capacity.

Pair injured

The driver and passenger of a snowmobile were seriously injured after the machine he was riding collided with a car on Shangri-la Road in Stanhope Township. The accident occurred January 29.

According to the police, the snowmobile was being driven by 23 year old Gordon Kuhlmann of Hamilton. His passenger was 19 year old Elysia Estee, also of Hamilton.

The car was driven by Frank Courville, 35 of Scarborough. He was travelling north on the road when the collision occurred.

The two snowmobile passengers were taken to Ross Memorial Hospital in Lindsay suffering from major injuries.

Courville has been

charged with failing to share half the roadway.

School bus

The case of the missing school bus was solved early Sunday morning.

The big orange bus, belonging to Northernways Transport, was removed from its parking place during the night of January 28-29. The driver of the bus, Graham Wooden, noticed it was gone Sunday morning and notified the police. The vehicle had been parked across from the Wooden residence on Minden's Main Street.

A constable from the Cobocok detachment of the OPP discovered the bus at 9:20 Sunday morning, on Highway 503, 7 km west of Highway 35 near Norland.

Did you know there is a skating rink behind Stanhope Firehall on North Shore Road open to the public? Night skating is available if you bring a one hundred foot cord and plug it into the light. It's free and there's plenty of parking at the hall.

Well, the Winter Carnival has come and gone and it was an excellent weekend. We were privileged to meet Miss Canada, Cynthia Kereluk, who is not only beautiful, but very sweet. While waiting for the parade to begin, Cynthia chatted happily with participants and made some cubs, scouts, beavers (and their leaders) very happy by having her picture taken with them.

The Figure Skating

Club's presentation on Sunday afternoon was, by all reports, a most enjoyable experience. The costumes were magnificent, evidencing a lot of effort and hard word by the mothers and the choreography was excellent. The highlight of the show was of course Tracy Wainman who sets an excellent example to the up and coming skaters. It was a superb show, congratulations to everyone concerned.

We were very happy to hear that Paul Northey who is attending Graceland College in Iowa, has become engaged to Missy Beck of Independence, Missouri. Congratulations and best wishes to you both.

Guests since last week with the Milton Sears' included Mr. and Mrs. Reg. Leaman and Karen of Keswick, Muriel Ewing, Chris and Scott of Toronto, the Glen Sears' of Oshawa, the Paul Warburton's of Scarborough and Sandra Sears and Logan Moth of Toronto.

We were happy to hear that Milt Sears is recovering nicely in Minden hospital. Get well soon Milt.

Results from the card party held in St. Paul's Anglican Church last week were for cribbage Cora Hewitt and Dora Dawson. In euchre, high, Hilda Harrison and lone hands May Eldridge and Johann Beattie.

The Share and Learn group will meet at the Library/Cultural Centre at 7:30 on Wednesday, February 8. All ladies interested in crafts are invited to attend.

Visiting with Fred and Bess Cox over the weekend were Bonnie and Gerry Nettinga of Lindsay.

St. Paul's Thrift Shop will be re-opening February 10 at 1 p.m. until 4:30 p.m.

Sunday, February 12, the Minden District Trappers' Council are holding their annual workshop and general meeting at 10 a.m. in Minden Community Centre. All trappers and their families are of course invited and will be most welcome.

Our friend Alex Stephenson called again with the latest on the card games at Club 35 in Halls Lake. High Men's was taken by Murray Daniels while the Ladies' was won by Trudy Smith. Lone hand was George Alsop and the 50 - 50 draw was won by Ruth Cummings. Other winners were Shirley Bunker and Art Beatty.

The Kinette Club of Minden are holding their annual Valentine Dance at the Community Centre 8 p.m. February 18 at \$5 per person. Sounds like a good time. Everyone is welcome.

It was nice to see so many familiar faces of people home for Winter Carnival.

Have to pass on this joke told to us by one of our young readers - What do you get if you drop a grand piano down a mineshaft? A flat miner (minor!) We've been chuckling over that all week!

Sorry to see the lights coming down on Main Street - it's going to look rather bare now.

Friends of our roving reporter Michael Shirley will be pleased to hear he resumes his career this week with a brand new cast. (Sorry, Mike, couldn't resist it!)

senior league

by Bert Harrison

We have a fine couple we are sure will be truly blessed. Harold and Ruth Thompson who are starting a Bible study here at Hyland Crest Saturday at two o'clock p.m. all residents who are able please come and hear them. This will be a busy week, exciting time for all. This is the weekend of the Kinsmen Winter Carnival.

Service in the chapel Sunday night when the Thompsons came to do their part. It gives the service a real good start. Then Rev. Burgess is always there with a real interesting message and closing prayer.

Went to Peterborough Monday to see about my eyes. The day was lovely, sun shining from the skies. Joan Sawyer is a real good driver, keeps an even speed. I didn't tell her what to do there wasn't any need. To get back to my eye test. I was anxious to know the score. They said if you would keep your eyes open you would see a whole lot more.

Down at fun and fitness playing bucket ball Teddy Carr made the highest score of all. Monday night Linda

showed us interesting movies, always doing something to keep us entertained. Here is something we would like to say. Annie Cox had twenty seven of her family at Minden United Church for the service last Sunday.

Tuesday morning Ward Taylor of the Haliburton Gospel Lighthouse came down to Hyland Crest to find his way into this place he did his very best. He took his text from the Book of Micah. What does the Lord require of thee to do. Just have mercy and walk humbly with thy God.

Tuesday afternoon we played the quiz game again down in the craft room. The A team won just by one point.

Sorry to report that Edith Welch who is a sister of Carrie Jones fell and bruised her hip quite badly but didn't break any bones.

Tuesday night Fred Ballard came as he oft times did before. Played fine organ music but still they wanted more. The ladies working in the craft room Wednesday afternoons, always working. Should be caught up soon.

The St. Andrew ladies from West Guilford brought in a lunch this Thursday afternoon. We were glad they came along. Served it so nicely then led us in a sing song. We also had a birthday party for those whose birthdays on this new eighty-four. With a lovely birthday cake what could we ask for more.

We have Barbara Walker here at Hyland Crest while she is taking this nurses course with all the best. We hope she is liking it here. We wish her all the best in this new year.

The bingo was called here Thursday night by Sid Stamp and Elsie Sedore. We thank you for coming. We didn't hear how many did score.

Our entertainers came again this Friday. Jean Cox from Minden, Grace Coburn from across the way. They played, led us in a sing song. Grace sang three numbers too. Read some humorous poems. If they ever stop coming, we would be feeling rather blue.

May the spirit of Him whose love is eternal Be with us to refresh us, above us to bless us, Around us to protect us Beneath us to bear us up Before us to lead us on Until we meet again.

kid's korner

by Jean Lacey

Hi kids!

Here is another puzzle for you. Look in the diagram of letters for the words given in the list. Find them by reading up, down, forward,

backward and diagonally. They are all in a straight line and do not skip letters.

It's as easy as that. Have fun.

Q: Who always goes to sleep with their shoes on?

A: A horse.

Q: What bus crossed the Ocean?

A: Colum-bus.

Q: Why does a spider make a good baseball player?

A: Because he catches flies.

Q: When is a sheep dog most likely to go into the house?

A: When the door is open.

Q: What did the baby porcupine say to the cactus?

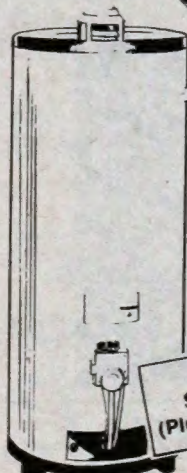

A: Is that you, mama?

Q: When do children like school best?

A: When it's closed.

CARD OF THANKS

The Minden Figure Skating Club would like to express their sincere thank you to everyone involved in helping to make our Carnival and Pancake Breakfast the success that it was. 2A

On behalf of Karen McCreddie of Blantyre, Scotland and myself, I wish to express our thanks to everyone we met during our visit over Christmas and New Year. The warmth and friendliness you received us with made for a most memorable holiday. I hope I have the privilege of visiting Minden again and wish the townships and all the residents the best for the anniversary year.
Hugh Taylor, Reading, England.

IN MEMORIAM

VOICEY - In loving memory of a dear brother Jim who passed away February 3, 1982.

Jim you are not forgotten
Though on earth you are no more
In our memories you are still with us
As you always were before.

Fondly remembered by the family - two brothers and three sisters.

IN MEMORIAM

LUKE - In loving memory of a dear husband, father, grandfather and greatgrandfather Edward, who passed away January 31, 1982.

Your gentle face and patient smile
With sadness we recall,
You had a kindly word for each,
Then passed away-beloved by all.

Our hearts still ache with sadness,
Our secret tears still flow,
What it meant to lose you dear one,
No one will ever know.

When the days are sad and lonely,
And everything goes wrong,
We seem to hear you whisper,
Cheer up and carry on.

Each time we see your picture
You seem to smile and say
Don't cry, I'm only sleeping
Well meet again someday.

You are not forgotten loved one,
Nor will you ever be
As long as life and memory last,
We will all remember thee.

Lovingly remembered by
Wife Edith and family.
